ANNUAL INDEX

This index reflects material appearing in the 1996 issues of **RN**. Articles are listed alphabetically under subject headings. Each entry gives the title, issue, and page number on which the article begins. Feature articles with continuing education tests are marked with an asterisk. Articles from "Ethics in Action," "Legally Speaking," "Speak Up!" and "Taking Charge" are entered by subject.

AIDS

*HIV report: Always a death sentence? Aug:22
Meeting psychosocial needs. Aug:23
*Waging war on HIV wasting. Feb:26

ALCOHOLISM/SUBSTANCE ABUSE

Acupuncture: Where East meets West. Oct:55

ANESTHESIA

*Monitoring postop patients. July:30

ASSESSMENT

*Eating disorders—still a threat. June:30
*Monitoring postop patients. July:30
Nursing on your own time. July:47
*Tradition or science? Spotting the difference in respiratory care. May:26

CARDIOLOGY

*Aortic rupture! Nov:38
*Cardiac monitoring: Mastering the essentials. Aug:32
EKG electrode placement: A refresher course. Sept:29
*Managing heart failure. Feb:34
*New trends in thrombolytic therapy. Jan:30
*Spotting an MI before it's an MI. Apr:26

CARE PLAN

A care planning tool that proves what we do. June:26
Easing the way through an MRI. Oct:34
Munchausen's syndrome? We've met it head on. Aug:17
*When laryngectomy complicates care. Aug:40

CAREER DEVELOPMENT

Day care consulting: It isn't kids' stuff. Mar:53
My car, my self. Apr:76
Nursing on your own time. July:47
Nursing with the heart. May:80
On the road with a home health nurse. Apr:54
Parish nurses help patients—body and soul. May:55
Take your skills to the classroom. Nov:43
These nurses take flight. Sept:57
Where the nurse can really work up a sweat. Jan:51

CHARTING

A care planning tool that proves what we do. June:26
An easy way to document patient ed. Mar:43
Charting with managed care in mind. Aug:47
We don't chase down doctors anymore. Jan:36

COMPLEMENTARY THERAPIES

Acupuncture: Where East meets West. Oct:55
Harness the power of guided imagery. Aug:49
Homeopathy. Dec:53
Hypnotherapy, not just hocus-pocus. June:55
If therapeutic touch works, prove it! Dec:76
Nurses are embracing holistic healing. Apr:59
Reiki: An ancient touch therapy. Feb:57

CRITICAL CARE

*A new weapon against ARDS. Nov:22
*Aortic rupture! Nov:38
*Assessing children—it's different. Apr:38
*Battling the superbugs. Mar:36
*Critical care drug update:
Part I (abciximab, amiodarone IV, and aprotinin). May:46
Part II (IV nicardipine, torsemide, and tramadol). June:49
*Getting your patient off a ventilator. June:42
Handprints of life. Sept:24
Letting patients go. June:72
*Monitoring postop patients. July:30
*New trends in thrombolytic therapy. Jan:30
*Restoring electrolyte balance:
Calcium & phosphorus. Mar:47
Magnesium. May:31
Sodium & chloride. Jan:25
*Spotting an MI before it's an MI. Apr:26
*Ventilation therapy: Flashback! Dec:26
Visiting hours: An open ICU. Oct:30
Why I stay in nursing. Nov:68

DEATH

An MD's lesson in compassion. May:52
Don't resuscitate, lose your job? Aug:51
*Grieving families need your help. Sept:22
Handprints of life. Sept:24
Letting patients go. June:72
Living wills: Not just for the elderly. Jan:72
We withdrew nutrition—not care. May:36
*Who supports you when your patient dies? Oct:48

DERMATOLOGY

Radiation therapy: Protecting your patient's skin. Jan:46

DIABETES

I'm a born-again diabetic. Dec:33

DISEASE

*Managing incontinence: An update. Oct:38
Munchausen's syndrome? We've met it head on. Aug:17
*Spotting an MI before it's an MI. Apr:26
*Ulcer therapy update. Sept:48

DRUGS

*A new weapon against ARDS. Nov:22
*Battling the superbugs. Mar:36
Chemo quick guide:
Alkylating agents. Feb:53
Antimetabolites. Mar:32
Antitumor antibiotics. Apr:35
Hormonal agents. May:41
New agents. Aug:29
Plant alkaloids. June:36
Taxol and other agents. July:38
*Critical care drug update:
Part I (abciximab, amiodarone IV, and aprotinin). May:46
Part II (IV nicardipine, torsemide, and tramadol). June:49
Dopamine hits med/surg. Nov:29
I'm a born-again diabetic. Dec:33
*New trends in thrombolytic therapy. Jan:30

ANNUAL INDEX

*Restoring electrolyte balance:
Calcium & phosphorus. Mar:47
Magnesium. May:31
Sodium & chloride. Jan:25
*Ulcer therapy update. Sept:48

EDUCATION
Take your skills to the classroom. Nov:43
Yes, you can give an inservice—with ease. June:17

EMERGENCY CARE
*Assessing children—it's different. Apr:38
*New trends in thrombolytic therapy. Jan:30
*Restoring electrolyte balance: Calcium & phosphorus. Mar:47
*Take action before anger builds. Apr:46
These nurses take flight. Sept:57
*What's wrong with this patient? Dec:45

ENDOCRINE
I'm a born-again diabetic. Dec:33
*Restoring electrolyte balance:
Calcium & phosphorus. Mar:47
Magnesium. May:31
Sodium & chloride. Jan:25

EQUIPMENT
CAPD with only one arm? Apr:31
*Cardiac monitoring: Mastering the essentials. Aug:32
EKG electrode placement: A refresher course. Sept:29
*Getting your patient off a ventilator. June:42
If equipment causes injury. Jan:53
Laparoscopic bowel resection? Mar:22
*Salvaging blood from the chest. Sept:32
*The delicate business of ostomy care. Nov:32
*Troubleshooting G-tubes: Spontaneous balloon rupture. July:22
Balloon deflation problems. July:25
*Ventilation therapy: Flashback! Dec:26

ETHICS
Don't resuscitate, lose your job? Aug:51
Ethics in action:
Doctor refuses to see pulmonary edema patient. Jan:17
Emergency contraceptives. Sept:17
Informed consent for research subjects. Mar:17
Marijuana use in cancer patients. Nov:17
Persistent vegetative state. May:21
Slow codes and DNR orders. July:17
We withdrew nutrition—not care. May:36
When a patient refuses treatment. July:51

FAMILY
Maximize your patient teaching potential. Feb:21
Visiting hours: What's really best? Oct:27
An open ICU. Oct:30

FLUID IMBALANCE
*Restoring electrolyte balance:
Calcium & phosphorus. Mar:47
Magnesium. May:31
Sodium & chloride. Jan:25
*Salvaging blood from the chest. Sept:32

GASTRO-INTESTINAL
Laparoscopic bowel resection? Mar:22
*Troubleshooting G-tubes: Spontaneous balloon rupture. July:22
Balloon deflation problems. July:25
*Ulcer therapy update. Sept:48

GENITO-URINARY SYSTEMS
*Managing incontinence: An update. Oct:38

GERIATRICS
Nursing with the heart. May:80
*This dementia patient can be helped. Jan:38

HOME CARE
*A road map for stroke recovery. Mar:26
*Home IV therapy comes of age. Oct:22
On the road with a home health nurse. Apr:54

HOSPITAL
*A road map for stroke recovery. Mar:26
*Anxiety: When to worry, what to do. July:40
*Battling the superbugs. Mar:36
Dopamine hits med/surg. Nov:29
Ethics in action: Doctor refuses to see pulmonary edema patient. Jan:17
We cut costs without cutting staff. Apr:21
We don't chase down doctors anymore. Jan:36

INFECTIONS
*Battling the superbugs. Mar:36
*What's wrong with this patient? Dec:45

IV THERAPY
*Home IV therapy comes of age. Oct:22
*Salvaging blood from the chest. Sept:32
*The ABCs of TPN. Feb:42

LEGAL
Don't resuscitate, lose your job? Aug:51
If equipment causes injury. Jan:53
If you're injured by a patient. Nov:47
If you're sexually harassed. Feb:61
Is your documentation all it should be? Oct:59
Living wills: Not just for the elderly. Jan:72
Safeguard your license: Avoid these pitfalls. Dec:59
The legal risks of managed care. Mar:57
The nurse's role in police investigations. May:59
We withdrew nutrition—not care. May:36
When a patient refuses treatment. July:51
When communication breaks down. Apr:61
You don't have to care for every patient. Sept:63

MANAGEMENT
An easy way to document patient ed. Mar:43
We cut costs without cutting staff. Apr:21
Yes, you can give an inservice—with ease. June:17

MED/SURG
Dopamine hits med/surg. Nov:29
Visiting hours: An open ICU. Oct:30

MISCELLANEOUS
Cancer sucks. Aug:68

NEUROLOGY
*A road map for stroke recovery. Mar:26
*This dementia patient can be helped. Jan:38

NUTRITION
*Eating disorders—still a threat. June:30
*The ABCs of TPN. Feb:42
The absolute skinny on the new fat substitute. June:38
*Waging war on HIV wasting. Feb:26

OBSTETRIC-GYNECOLOGY
An MD's lesson in compassion. May:52

ONCOLOGY
Cancer sucks. Aug:68
Chemo quick guide:
Alkylating agents. Feb:53
Antimetabolites. Mar:32
Antitumor antibiotics. Apr:35
Hormonal agents. May:41
New agents. Aug:29
Plant alkaloids. June:36
Taxol and other agents. July:38
*Grieving families need your help. Sept:22
Radiation therapy: Protecting your patient's skin. Jan:46
*When this rare cancer strikes. Dec:36

ORTHOPEDICS
*Restoring electrolyte balance: Calcium & phosphorus. Mar:47

OSTOMY
*The delicate business of ostomy care. Nov:32

PATIENT EDUCATION
An easy way to document patient ed. Mar:43
CAPD with only one arm? Apr:31
How to write clear instructions. Nov:26
Maximize your patient teaching potential. Feb:21
Nursing on your own time. July:47
Take your skills to the classroom. Nov:43
The absolute skinny on the new fat substitute. June:38

PATIENTS
*HIV report: Meeting psychosocial needs. Aug:23
Judge not. Sept:80
On the other side. July:72
Remembering Ricky. Feb:50
Visiting hours: What's really best? Oct:27
Why I stay in nursing. Nov:68

ANNUAL INDEX

PEDIATRICS

*Assessing children—it's different. Apr:38

Day care consulting: It isn't kids' stuff. Mar:53

PROCEDURES

CAPD with only one arm? Apr:31

Considering a new product? Put it to a test. Dec:21

*New trends in thrombolytic therapy. Jan:30

Radiation therapy: Protecting your patient's skin. Jan:46

*Salvaging blood from the chest. Sept:32

*Tradition or science? Spotting the difference in respiratory care. May:26

*Troubleshooting G-tubes: Spontaneous balloon rupture. July:22

Balloon deflation problems. July:25

We don't chase down doctors anymore. Jan:36

PROFESSIONAL ISSUES

A care planning tool that proves what we do. June:26

A valentine. Feb:80

An MD's lesson in compassion. May:52

Are you getting your ZZZZs? Oct:72

Charting with managed care in mind. Aug:47

Coming through the fire. Mar:72

Considering a new product? Put it to a test. Dec:21

If therapeutic touch works, prove it! Dec:76

Judge not. Sept:80

My car, my self. Apr:76

New pins in the **RN** collection. Dec:43

Nurses are embracing holistic healing. Apr:59

On the other side. July:72

On the road with a home health nurse. Apr:54

Remembering Ricky. Feb:50

Safeguard your license: Avoid these pitfalls. Dec:59

Take your skills to the classroom. Nov:43

These nurses take flight. Sept:57

We don't chase down doctors anymore. Jan:36

Winning strategies for supervising others. Oct:17

PSYCHOLOGY

*Anxiety: When to worry, what to do. July:40

*Eating disorders—still a threat. June:30

*Grieving families need your help. Sept:22

Handprints of life. Sept:24

Hypnotherapy, not just hocus-pocus. June:55

Munchausen's syndrome? We've met it head on. Aug:17

*Take action before anger builds. Apr:46

Visiting hours: What's really best? Oct:27

*Who supports you when your patient dies? Oct:48

RADIATION THERAPY

Easing the way through an MRI. Oct:34

MRI (patient information). Oct:37

RENAL

CAPD with only one arm? Apr:31

Dopamine hits med/surg. Nov:29

*When this rare cancer strikes. Dec:36

RESPIRATORY

*A new weapon against ARDS. Nov:22

*Getting your patient off a ventilator. June:42

*Tradition or science? Spotting the difference in respiratory care. May:26

*Ventilation therapy: Flashback! Dec:26

*When laryngectomy complicates care. Aug:40

SEX

If you're sexually harassed. Feb:61

STAFFING & SCHEDULING

Winning strategies for supervising others. Oct:17

Workload, UAPs, and you—a new survey. Sept:41

You don't have to care for every patient. Sept:63

SURGERY

*Aortic rupture! Nov:38

Laparoscopic bowel resection? Mar:22

*Monitoring postop patients. July:30

*This dementia patient can be helped. Jan:38

*When laryngectomy complicates care. Aug:40

*When this rare cancer strikes. Dec:36

SURVEYS

Workload, UAPs, and you—a new survey. Sept:41

TESTS

*Cardiac monitoring: Mastering the essentials. Aug:32

Easing the way through an MRI. Oct:34

EKG electrode placement: A refresher course. Sept:29

MRI (patient information). Oct:37

THANATOLOGY (DEATH & DYING)

*Who supports you when your patient dies? Oct:48

TUBES, DRAINS

*Salvaging blood from the chest. Sept:32

*When laryngectomy complicates care. Aug:40
